Ag Science – Hand tools, veterinary tools, and food processing equipment.

World Maps for History Class

Create, Reflect, Share – Easels, lighting, display board for art/floral class.

High School Counseling - Books and tools to encourage discussion for individual and group counseling.

BRIGHT MINDS – BRIGHT FUTURES

Jourdanton Education Foundation connects donor resources to enhance the opportunities for JISD students and educators.

Creating educational opportunity for students is our priority. We know education is the key to success and education comes in many forms...books, shared knowledge, technology, hands on experience.

Our grant review committee was overwhelmed with the innovative ideas of JISD teachers this year. All 14 grant applications submitted were accepted and funded! This is an exciting FIRST for JEF and JISD!

In our third year we anticipate increased grant requests and have set the annual grant goal at \$35,000!

We have also established a new donor database format with additional features that will make becoming a JEF donor even easier.

Our donors can now receive email updates, review and print their donor information, and stay informed about all that JEF does to support education.

We are also working to build relationships with businesses and community members to provide not just financial support but to create opportunity for mentorship, trade skills, and job prospects to JISD students.

Finally, we know that our community gives generously all year long to many organizations. JEF works with a professional grant writer to actively seek out grants from private foundations and corporations. This allows us to tap into financial resources beyond the community and continue our mission seamlessly.

“Education is not the learning of facts, rather it is the training of the mind to think.”

Albert Einstein
